

DIGITAL  
ANSWERER

## 29861GE2

**Digital Answerer with up to 30 Minutes Record Time and 2 Digital Outgoing Announcements** — Better reliability - no tapes or tape decks to break jam, or wear out. Digital microchip provides instant playback of messages.

**Three Message Mailboxes** — Family members can receive messages in their own mailboxes. No need to listen to messages for others.

**Digital Message Counter** — Displays number of new messages received.

**Auto Disconnect** — Outgoing announcement automatically stops and resets when any phone in the house is answered.

**Call Screening** — Allows user to listen to caller leaving message.

**Message Scan** — Allows quick review of incoming messages. Plays first five seconds of each message.

**Ring-Select Switch with Toll Saver (2-8,TS)** — Gives user a choice of how many rings before answerer takes the call. Toll Saver delays answering if there are no messages, so if you are calling long-distance to check messages, you can hang up and avoid paying for the call.

# 29861GE2 Technical Specifications
